## 2回目の加盟国協議に諮られた I S P M 案に対して 提出した我が国のコメント

# 1 栽培用資材の国際移動

【該当箇所】付属書A 栽培用資材の要素

### 【コメント】

Cons	tituent of growing media	Support pest survival	Comments
hulls/cha	plant material (e.g. rice aff, grain hulls, coffee hulls, ane refuse, grape marc, pds, fallen leaves)	Yes	Risk is reduced if treated or from a clean non-infested source
Compos	t (e.g. humus, leaf mold)	Yes	Risk depends on source and production process degree of processing or fermentation
******	······································	***************************************	······································

humus: 腐植土、leaf mold: 腐葉土

# 2 木材の国際移動

### 【全体意見】

### 【コメント】

This draft ISPM seems to have little requirement which NPPOs should comply with. It might be useful that the document be developed and used as technical resources which provide member countries with practical and operational guidance.
